

7.2 Best Practices

Title of the Practies	1. Promotion of Environment Consciousness	2. Health check up
Goal	<ul style="list-style-type: none"> * To create awareness culture among the Student and staff by encouraging adoption of positive environmental behavior *To promote the conservation of environment and make healthy environment 	<ul style="list-style-type: none"> * To encourage people to take steps toward a longer, healthier and happier life. * To find out the hidden disease to prevent building and lower its effects on body. * To provide the facility of health check to poor and needy people.
The Context	<p>It has by now been witnessed that past few decades of environmental awareness, outcries, statistics, analyses, programmes and movements. We are confronted with daunting statistics about deforestation, the extinction of species, global warming, population growth and insurmountable waste dumps. Despite the huge effort we have not been able to turn the tide of pollution, increasing population, deforestation and the exploitation of non-renewable resources. We have serious ecological problems. There is a gap between knowing that we face serious ecological problems and acting on this knowledge in our personal, political and social choices. While some modest steps have been taken, such as recycling, changes in people's worldviews, attitudes and behavior have not been commensurate to the gravity and global scale of the environmental problems.</p>	<p>Prevention is better than cure. Today's lifestyle leads to numerous health issues. It is always advisable to undergo a health check-up to avoid unpleasant surprises in life. Regular healths check up and tests can help find problems before they start. They also can help find problems early, when patients chances for treatment and cure are better. Our health check-up program is designed to promote good health and facilitate early detection of health problems.</p>
The Practice:	<p>Students, teachers and non-teaching staff take a Pledge to Protect and Plant a Tree every year. Regular excursions enhance the understanding of the native flora and fauna, ecosystems and their importance for sustainable development. Several drop boxes are placed within the campus to collect paper and e-waste. College organizes cleanliness drive occasionally and keep clean and healthy environment in campus and nearby areas.</p>	<p>The college organizes Health check up programme for the poor and needy people, students and staff of the college. Rajiv Gandhi Jivan Arogyadai yojana is a Universal health care scheme run by the Government of Maharashtra for the poor people of the state of Maharashtra who holds one of the Antyodaya card, Annapurna card, yellow ration card or orange ration card are eligible for free medical access, surgeries and therapies. To provide the benefit under this Health scheme to the people from hilly and rural areas, our college organises free Health check up camp on 7th February, the Birthday Anniversary of Founder President our college, Brr. A. R. Antulay.</p>
	<p>On 1st July 2016, 54 NSS volunteers participated in Maharashtra Government sponsored Tree Plantation Drive organized by Forest Depart</p>	<p>NSS Unit in our college organized Blood Group checking camp on 30.07.2016, in which 190 students of our college benefitted. On 18</p>

<p>Evidence of Success</p>	<p>Fhansad at Savroli Village and 300 saplings were planted. Tree plantation was done on Independence Day. NSS unit our college organized awareness rally on Pollution at Adopted village Telawade on 20.08.2017. Students collected Nirmaly at Murud Sea Beach during on 10.09.2016. During Ganesh Festival our college organized a cleanliness drive with the help of Indian Coast Guard, in which staff members and students were actively involved. NSS Unit on 29th September 2016, conducted environment awareness cycle Rally throughout Murud Town. 50 NSS Volunteers did cleanliness work at Adopted Village on Gandhi Jayanti.</p>	<p>December 2016 NSS Volunteers conducted Health serve in Adopted village, Telwade. On 07.02.2017, Birthday Anniversary of Founder President our college, Brr. A. R. Antulay Health check up camp was organized in association of Platinum Hospital, Mulund, Mumbai under Rajiv Gandhi Jivan Arogyadai, Yojana. Expert Team of Doctors examined health problems such as Heart problem, Kidney stone, neuron spine, ortho-surgery, cancer, angioplasty etc. 141 patients benefitted from this camp. 11 patients were forwarded for further treatment to Mumbai.</p>
<p>Problems Encountered:</p>	<p>Obstacle faced is lack of extensive awareness. People generally ignore environmental impact of pollution on Air, Water, Noise, solid Waste, etc caused by various activities performed in puja. In the festival people are blindfolded themselves in the name of god and are totally ignoring responsibility of environment while accomplishing spiritual motives.</p>	<p>People are extensive ignore of their health. People in Rural areas suffer for not knowing and not affording. They cannot afford healthy diets and are not empowered to make the right choices better health. Preventative health messages should be communicated and treatment should be affordab</p>
