7.2 Best Practices		
Title of the Practies	**1. National anthem for patriotism**	**2. Promotion of Environment Awareness**
Goal	1. To inculcate the value of nationalism among the students. 2. To cultivate national pride and feeling to preserve national character and culture.	* To create awareness culture among the Student and staff by encouraging adoption of positive environmental behavior *To promote the conservation of environment and make healthy environment
The Context	Patriotism is complete loyalty towards the one's Nation. It denotes positive and supportive attitudes towards Mother land, by individuals and groups. Sports event and Rallies is powerful tool to evoke nationalism and pride among students. Value of nationalism needs to be inculcated among students, which creates attitude of pride in his achievements, the desire to preserve characters and identification of culture.	It has by now been witnessed that past few decades of environmental awareness, outcries, statistics, analyses, programmes and movements. We are confronted with daunting statistics about deforestation, the extinction of species, global warming, population growth and insurmountable waste dumps. Despite the huge effort we have not been able to turn the tide of pollution, increasing population, deforestation and the exploitation of non-renewable resources. We have serious ecological problems. There is ignorance of serious ecological problems and acting on this knowledge in our personal, political and social choices. Though some modest steps have been taken, such as recycling, changes in people's worldviews, attitudes and behavior have not been commensurate to the gravity and global scale of the environmental problems.
The Practice:	Singing of National anthem daily is best practice of our college students. This sends a positive vibes of pride and togetherness amongst students. On every working day at 8.00 a.m. one group of students sing National anthem through Mick, which turns into sound system built in all classrooms. Students in classes stand up and sing in chorus.	Students, teachers and non-teaching staff take a Pledge to protect trees and Saplings Planted every year. Regular excursions enhance the understanding of the native flora and fauna, ecosystems and their importance for sustainable development. Several drop boxes are placed within the campus to collect paper and e-waste. Solid waste called as Nirmalya generated during festivals like Ganapathi Festival are collected by our students and make devotees aware of using permanent idol made up of Metal such as copper, Brass etc. To create awareness Cleanliness Drive is organized on 2nd October Gandhi

		Jayanti. Our College organizes cleanliness drive occasionally and keep clean and healthy environment in campus and nearby areas.
Evidence of Success	This practice has created attitude of pride and desire to preserve characters and identification of national culture. There is good response from students and staff members for this practice to inculcate a feeling of discipline and national character. .	On 16th August 2017 NSS volunteers organized a Rally called Plastic Free Murud. On 29 the August 2017 organized Rally and college Nirmalys during Ganapati festival. Our students participated in Paryatan Dindi on 29th September2017. On 15 January Murud-Janjira city cleanliness serve was completed. Murud –Janjira Sea Beach Cleanliness drive was organized on 2nd October with the help of Indian Coast Guard, in which staff members and students were actively involved.
Problems Encountered and Resources Required	The absence of Electricity and other technical problems hinders the process. Well conditioned speaker set is required to run practice continuously.	People generally ignore environmental impact of pollution of Air, Water, Noise, solid Waste, etc caused by various activities performed in Pooja. In the festival people are blindfolded themselves in the name of god and are totally ignoring responsibility of environment while accomplishing spiritual motives
